### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional medical services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
  - 1 – Workers' compensation jurisdictional fee schedule adjustment
  - 8 – The provider or a different provider has billed for the exact service on a previous bill where no allowance was originally recommended

- 11 – The usual treatment session provided in the home or office setting is 30 to 45 minutes. The medical necessity of services for an unusual length of time must be documented.
- 1 – Payment adjusted because the payer deems the information submitted does not support this many/frequency of services.
- 2 – The charge for the procedure exceeds the amount indicated in the fee schedule

### **Issues**

1. Are the insurance carrier's reasons for denial or reduction of payment supported?
2. What is the rule applicable to reimbursement guidelines?
3. Is the requestor entitled to additional reimbursement?

### **Findings**

1. The insurance carrier denied disputed services with claim adjustment reason code 11 – "The usual treatment session provided in the home or office setting is 30 to 45 minutes. The medical necessity of service for an unusual length of time must be documented." 28 Texas Administrative Code §134.600 (p) states in pertinent part that, Non-emergency health care requiring preauthorization includes:

  - b. The Units/Days Certified: 10
  - c. Procedure/Treatment: 10 visits physical therapy Body Part: Bilateral shoulders, Cervical spine
  - d. Utilization Review Department states, "This treatment has been recommended as medically necessary..."
2. The services in dispute were authorized per visit. No limits were found for number of treatments or time of treatments as found on the Explanation of Benefits. The insurance carrier's denial reason is not supported. The disputed services will therefore be reviewed per applicable Division rules and fee guidelines.
  3. This dispute involves physical therapy services and the allowed amount for dates of service ranging from October 2014 to February 2015. 28 Texas Administrative Code §134.203 (c) states in pertinent part, "To determine the MAR for professional services, system participants shall apply the Medicare payment policies with minimal modifications.
